About us

Incorporated in 2017, Black Footprint Tax and Advisory is an accounting firm established to promote an environment of growth and sustainability through financial reporting, strategic thinking and structured systems and processes.

We look to collaborate with enthusiastic entrepreneurs who know the value of getting your books, systems, processes, and internal controls in place.

Why Us

We exist to create financial reporting processes for our clients that are clear, easy to understand, and used to contribute to the overall growth of their businesses.

Black Footprint Tax and Advisory is passionate about contributing to the development of SMMEs in South Africa.
